# Project Overview

ifempower is a project co-funded by the Erasmus+ Programme of the European Union, with 9 partners from 7 European countries.

ifempower aims to empower females to get engaged in self-employment and entrepreneurship especially in SMEs.

The project will elaborate and test an international module for university students which will broaden their knowledge on entrepreneurship related topics, providing hands-on training and case study based learning to support their engagement in self-employment and entrepreneurship.

The module will strongly rely on mentorship & project-based learning. This comprehensive module will reflect to all obstacles in female entrepreneurship & empower students to successfully overcome them.
